## Convert Any Document to Adobe® PDF...

Convert web pages...  
or pictures from your camera...  
any file you can print!

The screenshot shows the PDF Creator Plus application with several windows open. A 'Print Pictures' dialog box is in the foreground, asking 'How do you want to print your pictures?' and showing 'PDF Creator Plus 5.0' as the selected printer. Other windows include a web browser, Notepad, and WordPad, all with the PDF Creator Plus printer selected in their print menus.

*Just print and click to create PDF - it's that easy!*

The screenshot shows the main window of PDF Creator Plus. The 'Create PDF' button is highlighted with a blue oval and a mouse cursor. Other buttons for 'Create TIFF' and 'Create JPEG' are also visible. The window title is 'Project - PDF Creator Plus' and the menu bar includes 'File', 'Edit', 'View', 'Export', 'Layout', 'Annotation', and 'Help'.
